

DEPARTMENT OF THE ARMY
OFFICE OF THE ADJUTANT GENERAL
RESERVE COMPONENTS PERSONNEL AND ADMINISTRATION CENTER
ST. LOUIS, MO 63132

IN REPLY REFER TO:
AGUZ-OPD-MI/CA-FAO

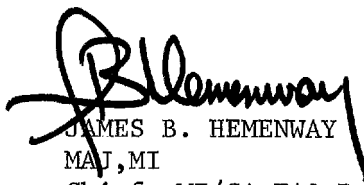

MAR 08 1982

1. Recommend that future active duty training tour locations for members of the [redacted] be scheduled by this office to assure proper individual career development. Individual's tour availability dates would continue to be provided by your office, but type of training and place of training would be determined by this HQ. Where appropriate, your recommendations would receive positive consideration.

2. This recommendation is primarily generated because of the unacceptably high level of promotion board passovers for [redacted] during the past twelve months. OERs for these officers have generally been outstanding. Unfortunately, the types of training on which the OERs are based have not shown sufficient challenge to the potential performance of JICS officers. Promotion boards evaluate and then select or non-select officers based on potential, especially for promotion consideration to O-5 and O-6.

3. Request you evaluate this recommendation and provide a response, which if positive, would allow this policy to be implemented for tours starting NLT 17 May 82 and on, and preferably even earlier.

JAMES B. HEMENWAY
MAJ, MI

Chief, MI/CA-FAO Branch
